Proposal under item 16

The Board of Directors has decided to submit the following principles of remuneration for SKF Group Management to the Annual General Meeting.

Group Management is defined as the President and the other members of the management team.

The Board of Directors' proposal is that the remuneration of Group Management members shall be based on market competitive conditions and at the same time support the shareholders' best interests.

The total remuneration package for a Group Management member shall primarily consist of fixed salary, variable salary, performance shares, pension benefits, conditions for notice of termination and severance pay, and other benefits such as a company car. The objective of the principles for remuneration is to ensure that the SKF Group can attract and retain the best people in order to support the SKF Group's mission and business strategy.

The fixed salary shall be at a market competitive level. Competence, responsibility and performance shall be taken into account when the fixed salary is established.

The variable salary runs according to a performance-based program and the maximum variable salary is capped at a certain percentage of the fixed annual salary varying between 40 and 70 %.

The Board of Directors proposes that a decision be taken at the Annual General Meeting on SKF's Performance Share Programme 2010. The programme is proposed to cover not more than 310 senior managers and key employees in the SKF Group with an opportunity to be allotted, free of charge, SKF B shares. (See also item 17 below.)

SKF strives to establish pension plans based on defined contribution models.

A Group Management member may terminate his/her employment by giving six months' notice. In the event of termination of employment at the request of the company, employment shall cease immediately. A severance payment related to the number of years' service shall, however, in this case be paid out, provided that it shall always be maximized to two years' fixed salary.

The Board of Directors also proposes that the Annual General Meeting resolves to authorize the Board of Directors to, in certain cases, deviate from the principles of remuneration decided by the Annual General Meeting.

Proposal under item 17

Background

In 2005, the SKF Group introduced a performance based variable salary programme with both a short-term and a long-term element. At AB SKF's Annual General Meeting 2008 it was resolved that the long-term element of the performance based variable salary programme be replaced by a performance share programme for senior managers and key employees (SKF's Performance Share Programme 2008). The Annual General Meeting 2009 resolved on SKF's Performance Share Programme 2009, with in essence the same terms and conditions as of SKF's Performance Share Programme 2008.

SKF's Performance Share Programme 2010

The Board proposes, in order to continue to link the interests of the participants and the shareholders, that a decision be taken at the Annual General Meeting on SKF's Performance Share Programme 2010. The terms and conditions of the proposed SKF's Performance Share Programme 2010 are in essence the same as the terms and conditions of SKF's Performance Share Programme 2008 and 2009, respectively.

The programme is proposed to cover not more than 310 senior managers and key employees in the SKF Group with an opportunity to be allotted, free of charge, SKF B shares in accordance with the following principal terms and guidelines.

Under the programme, not more than 1,000,000 SKF B shares may be allotted. The number of shares that may be allotted must be related to the degree of achievement of financial targets defined by the Board of Directors in accordance with the Group's TVA management model and must pertain to the period commencing 2010 up to and including 2012.

The participants in the programme may receive not more than the following number of shares within the various key groups:

CEO and President – 20,000 shares

Division Presidents and Executive Vice President – 10,000 shares

Other members of Group Management – 7,000 shares

Managers of large business units and other senior managers – 2,500 - 3,600 shares

The participants shall not provide any consideration for their rights under the programme.

Participants shall receive compensation for cash dividend during the three year calculation period.

Allotment of shares normally requires that the persons covered by the programme are employed in the SKF Group during the entire calculation period. If all the conditions included in SKF's Performance Share Programme 2010 are met, allotment of shares shall be made free of charge following the expiry of the three year calculation period, i.e. during 2013.

The Board of Directors is furthermore entitled to introduce an alternative incentive solution for employees in countries where participation in SKF's Performance Share Programme 2010 is not appropriate. Such alternative incentive solution shall, as far as practicable, be formulated employing the same conditions as SKF's Performance Share Programme 2010.

The company has 455,351,068 shares as per 31 January, 2010. In order to comply with the obligations of SKF's Performance Share Programme 2010, a maximum number of 1,000,000 B shares are required corresponding to approximately 0.2 per cent of the total number of outstanding shares.

Assuming maximum allocation under the Performance Share Programme 2010 and a share price of SEK 125, the cost, including social security cost, is estimated at approximately SEK 150 million. On the basis of a share price of SEK 175, the cost, including social security cost, is estimated at approximately SEK 210 million. In addition the administrative costs are estimated at approximately SEK 3 million.

The Board of Directors does not propose for the time being to take any action to hedge the SKF Group's obligations under the programme. Delivery of shares under the programme shall not take place until 2013.

Majority requirements

A valid resolution in respect of the Board of Directors' proposal at the Annual General Meeting requires that the resolution be supported by shareholders with more than half of the votes cast or, in the event of a tied vote, through the Chairman exercising his casting vote.

Proposal under item 18

The Board of Directors proposes that the Annual General Meeting resolves to authorize the Board of Directors to decide upon the repurchase of the company's own shares for the period until the next Annual General Meeting. The authorization is proposed to embrace shares of series A as well as series B.

The shares may be repurchased by operations on the NASDAQ OMX Stockholm AB. Repurchase may be decided so that the company's holding of own shares, at any given time, amount to a maximum of 5 percent of all shares issued by the company.

A repurchase on the NASDAQ OMX Stockholm AB may only be made within the band of prices applying on the exchange. This band of prices pertains to the range between the highest purchase price and the lowest selling price. A repurchase shall be made in accordance with the provisions concerning the purchase of a company's own shares in the Listing Rules of the NASDAQ OMX Stockholm AB.

The shares shall be paid in cash and repurchase of shares may be made on one or more occasions.

The purpose of the proposal is to be able to adapt the capital structure of the company to the capital needs of the company and in order thereby to contribute to an increased shareholder value.
