§ 1

The business name of the Company is Aktiebolaget SKF. The company is public (publ).

§ 2

The Company shall - directly or through subsidiaries - carry on business operations, principally with roller bearings and seals, components and component systems, manage real and movable property and conduct other business compatible therewith.

§ 3

The Company shall have its registered office in the municipal area of Gothenburg.

§ 4

The share capital shall comprise a minimum of five hundred million kronor (SEK 500,000,000) and a maximum of two billion kronor (SEK 2,000,000,000).

§ 5

The number of shares shall amount to a minimum of 440,000,000 and a maximum of 1,760,000,000.

§ 6

Of the Company's shares, a maximum of 1,760,000,000 shares may be Series A shares and a maximum of 1,760,000,000 shares may be Series B shares.

Series A and Series B shares carry equal rights to participate in the Company's assets and profit.

In a vote at a General Meeting, each Series A share shall carry one vote and each Series B share shall carry one tenth of a vote.

Shares of Series A shall on request by their owners be converted to shares of Series B. A conversion request, which shall be done in writing and state the number of shares to be converted, shall be made to the Company. The Company shall without delay notify the conversion to the Companies Registration Office for registration. The conversion is executed when the registration has taken place.

Should the Company decide to issue new Series A and Series B shares by means of a cash issue or an issue against payment through set-off of claims, the holders of Series A and Series B shares shall have a preferential right to subscribe to new shares of the same type in relation to the number of shares previously held by the holder (primary preferential right). Shares not subscribed to through a preferential right shall be offered to all shareholders for subscription

(subsidiary preferential right). If shares thus offered for subscription are insufficient for the subscription that takes place through a subsidiary preferential right, the shares shall be divided among subscribing parties in relation to the previous shareholding or, to the extent this cannot take place, by the drawing of lots.

Should the Company decide to issue either Series A or Series B shares through a cash issue or an issue against payment through set-off of claims, all shareholders, regardless of whether their shares are Series A or Series B, shall be entitled to subscribe to new shares in relation to the number they held previously.

Should the Company decide to issue warrants or convertibles by means of a cash issue or an issue against payment through set-off of claims, the shareholders shall have a preferential right to subscribe to warrants as if the issue were of the shares that may be subscribed to pursuant to the warrant and, respectively, a preferential right to subscribe to convertibles as if the issue were of the shares that the convertibles may be converted to.

The aforementioned does not entail any limitation on the possibility of passing a resolution regarding a cash issue or an issue against payment through set-off of claims that deviates from the shareholders' preferential right.

In the event of an increase in the share capital through a bonus issue, new shares of each type shall be issued in relation to the number of shares of the same type as previously. Consequently, old shares of a certain type shall carry the right to new shares of the same type. The aforementioned shall not entail any limitation on the possibility of issuing a new type of share by means of a bonus issue, following the requisite amendment to the Articles of Association.
